

Training on Carbon trading/carbon sequestration and climate change

Dr. C R Mehta, Head, Agricultural Mechanisation Division, CIAE, Bhopal has worked as Visiting Fellow for NAIP training in the area of **Carbon trading/carbon sequestration and climate change** at the **Department of Crop and Soil Sciences, Cornell University**, Ithaca from **9 Sept, 2011 to 7 Dec, 2011**. He has conducted various soil physical, chemical and mineralogical analyses to investigate the role of black carbon in relation to soil fertility, productivity and carbon sequestration in the ongoing African Dark Earths (ADEs) project. He has also interacted with other faculties of the University in the area of conservation agriculture, carbon accounting and bio-fuel production and made visit to various laboratories.
